Dear Hiring Manager,

I am writing to express my interest in a Quality Assurance / Food Safety leadership position within your organization. With extensive experience in quality assurance, food safety management, and regulatory compliance across the food manufacturing industry, I am confident in my ability to contribute effectively to your organization's operational excellence and quality objectives.

Throughout my professional career, I have gained valuable experience in implementing and maintaining internationally recognized management systems, including FSSC 22000, ISO 22000, ISO 9001, ISO 14001, ISO 45001, BRCGS, and Sedex.

In my previous roles at Food Craft, El Boushi Foods, and Sakr Group, I successfully led quality and food safety activities, managed internal and external audits, and supported multiple manufacturing facilities in achieving high compliance standards. Notably, I contributed to achieving BRCGS Grade A certification and NFSA White List status with zero non-conformities. I also managed food safety systems across six manufacturing plants and participated in more than 100 external audits involving regulatory authorities such as NFSA and SFDA.

My expertise includes HACCP implementation, risk assessment, supplier auditing, Food Defense (TACCP), Food Fraud (VACCP), corrective and preventive actions, and continuous improvement. Additionally, my leadership, analytical thinking, and team management skills enable me to maintain high operational standards while ensuring product safety and regulatory compliance.

I hold a Bachelor's degree in Dairy Science and Technology from Alexandria University and have completed specialized professional training, including CQI/IRCA FSSC 22000 v6 Auditor/Lead Auditor Training.

I would welcome the opportunity to discuss how my experience and qualifications could support your organization's quality and food safety objectives. Thank you for your time and consideration.

Sincerely,
